TSM Green Procurement Promotion Agreement

We,hereby, fully undestand and agree to the contents and the environmental protection policy specified in the “Green Procurement Guideline” (hereinafter referred to as ″Guideline″) established by Thai Suzuki Motor Co., Ltd. (hereinafter referred to as “TSM”) and also agree to, and cooperate in, the promotion of TSM’s green procurement activities including the disuse of prohibited substances.

We observe the disuse of a disable chemical substance while observing the regulation and regulation about chemical substance regulation given in a guideline from the viewpoint of compliance to delivery of the product, parts, etc. to TSM.
However, this Agreement shall except the parts and materials supplied to us by TSM from the specified ″parts (″ *1) etc.
(*1) ″Parts etc.″ ... Refer to guideline ″3-1 Definition of green procurement.″

In the case where alternative techniques or alternative materials to the prohibited materials is not established or found, the solution shall be found through discussions between TSM and us.

Even in the case where the disuse of the substances specified in the Guidelines is not stipulated by the related laws or other regulations, we agree that we shall cordially comply with the voluntary disuse of such substances in order to fulfill our social responsibilities.

After there is connection of guideline revision from TSM, unless proposals, such as an objection, are carried out
a revised part within 90 days, it is unanimous by having agreed with the guideline of a revised edition.
